ABOUT US

SZ Kehang Technology Development Co., Ltd. is a professional manufacturer engaged in the R&D, manufacture, marketing and after-sale service of a wide range of innovative and rugged input devices for financial and other automation industries.

Our main products include metal keyboards, access control keypads, industrial trackballs and rugged touchpads, etc., which are widely used in many industries, such as banking, finance, telecommunication, manufacturing, public safety, education, medical care, government, military and other environments. All products are compliance with CE, RoHS and FCC, also IP65 protection level.

Thanks to superior quality and good service, our products sell well both at home and abroad. We have built our own brand "CNKHTECH" and do OEM/ODM or customized items for many customers.

We stick to follow the principle "Good Products, Friendly Service" to cooperate our customers and we sincerely welcome inquiries from customers worldwide.

KH-AE668-12

INDUSTRIAL NUMERIC KEYPAD

Product Features

- 12 flat keys design stainless steel numeric keypad, by 3 x 4 Layout
- Front panel mounting solution
- IP65 water-proof,dust-proof,vandal-proof,shake-proof
- Rugged construction
- Customized layout is available

Technical Information

● Mechanical Data

Key Travel	0.45mm
Switch Life	> 1 million of per key
Operation System	WINDOWS98/ME/2000/2003/XP/Vista/Linux,Unix, Mac OSX,iOS, Android

● Electrical Data

Supply Voltage	5.0V DC ± 5%
Current Rating	Appr. 30mA
EMC Standard	Council EMC directive 2004/108/EC
EN55022	2006+A2:2010
EN55024	1998+A1:2001+A2:2003
Lifespan	> 5 years

● Environmental Adaptability

Operating temperature	-20°C to +60°C
Storage temperature	-30°C to +70°C
Operating RH	20-95%
Atmospheric pressure	60-106Kpa.

● Reliability

Compliant Standard	RoHS , CE and FCC
Protection Level	IP65(front panel)
Vandal resistant	IK10
Key Lifespan	>10 million actuation
MTBF	>50000H
MTTR	<30min

Application

Ideal for applications in the public areas and harshest conditions, such as Info-Kiosk, Internet Kiosk, Check-in Kiosk, Boarding Kiosk, Medical Kiosk, Industrial Control Platform, etc

Item No.	KH-AE668-12
Category	Industrial Keypad
Front-Side Material	Stainless Steel
Back-Plate Material	Stainless Steel
Dimension(Front Panel)	88 x 66 mm
Interface	PS/2, USB, Matrix output,Others

KH-AE93-12LED

BACKLIT INDUSTRIAL KEYPAD

Product Features

- 12 backlit Keys mini vandal proof stainless steel keypad
- IP65 water-proof,dust-proof,vandal-proof
- Rear panel mounting solution
- Electro Carbon-on-Gold PCB key switch technology
- Customized layout is available

Technical Information

● Mechanical Data

Key Travel	1.5mm
Switch Life	> 1 million of per key
Operation System	WINDOWS98/ME/2000/2003/XP/Vista/Linux,Unix, Mac OSX,iOS, Android

● Electrical Data

Supply Voltage	5.0V DC \pm 5%
Current Rating	Appr. 30mA
EMC Standard	Council EMC directive 2004/108/EC
EN55022	2006+A2:2010
EN55024	1998+A1:2001+A2:2003
